DISCLAIMER

The information contained in this tender document (the "TENDER") or subsequently provided to Bidder(s), whether verbally or in documentary or any other form, by or on behalf of IREL or any of its employees, is provided to Bidder(s) on the terms and conditions set out in this TENDER and such other terms and conditions subject to which such information is provided. The information provided is only for the information and reference of the Bidders.

This TENDER is not an agreement and is neither an offer by IREL to the prospective Bidder(s) or any other person. The purpose of this TENDER is to provide interested parties with information that may be useful to them in the formulation of their bid for participation in this TENDER. This TENDER includes statements, which reflect various assumptions and assessments arrived at by IREL in relation to the tender work. Such assumptions, assessments and statements do not purport to contain all the information that each Bidder may require. This TENDER may not be appropriate for all persons, and it is not possible for IREL, or its employees to consider the investment objectives, financial situation and particular needs of each party who reads or uses this TENDER. The assumptions, assessments, statements and information contained in this TENDER may not be complete, accurate, adequate or correct. Each Bidder should therefore, conduct its own investigations and analysis and should check the accuracy, adequacy, correctness, reliability and completeness of the assumptions, assessments, statements and information contained in this TENDER and obtain independent advice from appropriate sources.

Information provided in this TENDER to the Bidder(s) is on a wide range of matters, some of which may depend upon interpretation of law. The information given is not intended to be an exhaustive account of statutory requirements and should not be regarded as a complete or authoritative statement of law. IREL accepts no responsibility for the accuracy or otherwise for any interpretation or opinion on law expressed herein.

IREL, its employees and consultant make no representation or warranty and shall have no liability to any person, including any Bidder, under any law, statute, rules or regulations, principles of restitution or unjust enrichment or otherwise for any loss, damages, cost or expense which may arise from or be incurred or suffered on account of anything contained in this TENDER or otherwise, including the accuracy, adequacy, correctness, completeness or reliability of the TENDER and any assessment, assumption, statement or information contained therein or deemed to form part of this TENDER or arising in any way with qualification of Bidders for participation in the Bidding Process. IREL also accepts no liability of any nature whether resulting from negligence or otherwise howsoever caused arising from reliance of any Bidder upon the statements contained in this TENDER. IREL may, in its absolute discretion but without being under any obligation to do so, update, amend or supplement the information, assessment or assumptions contained in this TENDER.

The issue of this TENDER does not imply that IREL is bound to select and short-list qualified Bids for Price Bid stage or to appoint the Selected Bidder for the intended work, and IREL reserves the right to reject all or any of the Bids without assigning any reasons whatsoever.

The Bidder shall bear all its costs associated with or relating to the preparation and submission of its Bid including but not limited to preparation, copying, postage, delivery fees, expenses associated with any demonstrations or presentations which may be required by IREL or any other costs incurred in connection with or relating to its Bid. All such costs and expenses will remain with the Bidder and IREL shall not be liable in any manner whatsoever for the same or for any other costs or other expenses incurred by a Bidder in preparation or submission of the Bid, regardless of the conduct or outcome of the Bidding Process.

GENERAL INSTRUCTIONS TO BIDDERS

I. GENERAL

- 1) Bidder should take into account any corrigendum published on the tender document before submitting their bids.
- 2) Please go through the tender advertisement and the tender document carefully to understand the documents required to be submitted as part of the bid. Please note the number of covers in which the bid documents have to be submitted, the number of documents including the names and content of each of the document that need to be submitted. Any deviations from these may lead to rejection of the bid.
- 3) Bidder, in advance, should get ready the bid documents to be submitted as indicated in the tender document / schedule and generally, they can be in PDF / XLS / RAR / DWF/JPG formats. Bid documents may be scanned with 100 dpi with black and white option which helps in reducing size of the scanned document.

II. PREPARATION AND SUBMISSION OF BIDS

- 1) The tender bids duly filled in all aspects and uploaded at CPP Portal on or before the scheduled time and date as mentioned in the tender enquiry will be considered for evaluation.
- 2) Bidder should log into the site well in advance for bid submission so that they can upload the bid in time i.e., on or before the bid submission time. Bidder will be responsible for any delay due to other issues.
- 3) The Bids shall be prepared in two parts viz. PQ cum Technical Bid (Part-I) and Price Bid (Part-II). The bidder has to digitally sign and upload the required bid documents one by one as indicated in the tender document.
- 4) Technical Bid will be opened at the first instance and evaluated by IREL's concerned authority. In the second stage, financial bids of only the technically eligible offers will be opened for further evaluation and ranking before awarding the contract.

PQ cum Techno-commercial bid (Part -I)

It contains documents in support of eligibility criteria, self-attested tender document and any other document specifically specified in this tender document.

Part -II shall contain Price Bid (to be submitted electronically).

This part shall contain only Schedule of prices duly filled in as per the Bid Proposal Schedules. No physical submission of hard copy is permitted.

5) The uploaded tender documents become readable only after the tender opening by the authorized bid openers.

III. METHOD OF SELECTION:

Part-I of the bid will be evaluated and bidders meeting the PQ criteria and other tender conditions will be qualified as eligible bidders for opening of the price bids. The price bids opened subsequently will be scrutinized for responsiveness and IREL shall consider placement of order on the qualified bidder, whose offer shall be overall lowest. However, IREL reserves the right to accept or reject all or any tender without assigning any reasons and does not bind itself to accept the lowest offer.

<u>Note:</u> To assist in the examination of documents submitted by the bidder in support of eligibility criteria (PQ), IREL may, at its discretion, ask the Bidder for clarification of its bid. The request for clarification and the response shall be in writing and no change in the price or substance of the bid shall be sought, offered or permitted.

IV SPECIAL TERMS AND CONDITIONS

1.0 SITE VISIT:

Prior to quoting rates, the bidders are advised to visit the site on any working days at our specified visiting hours with the permission of Engineer concerned / Purchase Dept. The bidders are also advised

to study the labour supply/availability, trade union practices and labour rates prevailing at Udyogamandal.

2.0 EFFECT AND VALIDITY OF BID:

- 2.1 The submission of any bid connected with these documents and specifications shall constitute an agreement that the bidder shall have no cause of action or claim against IREL for rejection of his bid.
- 2.2 The bid shall be valid for a period of 90 days from bid due date.

3.0 RIGHT TO REJECT THE TENDER:

- 3.1 IREL reserves the right to reject any tenders whatsoever without assigning any reason thereof.
- 3.2 IREL reserves the right to modify/ add/ reduce the scope, either in whole or in part any of the clauses mentioned herein without assigning any reason thereof.
- 3.3 Further IREL, in its sole discretion and without incurring any obligation or liability, reserves the right, at any time to;
- a. suspend and/ or cancel the Bidding Process and/ or amend and/ or supplement the Bidding Process or modify the dates or other terms and conditions relating thereto;
- b. consult with any Bidder in order to receive clarification or further information;
- c. pre-qualify or not to pre-qualify any Bidder and/ or to consult with any Bidder in order to receive clarification or further information;
- d. retain any information and/ or evidence submitted to IREL by, on behalf of, and/ or in relation to any Bidder; and/ or
- e. independently verify, disqualify, reject and/ or accept any and all submissions or other information and/ or evidence submitted by or on behalf of any Bidder

It shall be deemed that by submitting the Bid, the Bidder agrees and releases IREL, its employees, agents and advisers, irrevocably, unconditionally, fully and finally from any and all liability for claims, losses, damages, costs, expenses or liabilities in any way related to or arising from the exercise of any rights and/ or performance of any obligations hereunder and the Bidding Documents, pursuant hereto, and/ or in connection with the Bidding Process, to the fullest extent permitted by applicable law, and waives any and all rights and/ or claims it may have in this respect, whether actual or contingent, whether present or in future.

4.0 PRICES:

Tenders offering firm prices are only acceptable to us. Firm Price shall be quoted as per the price schedule for delivery at designated works. GST as applicable is to be considered as per the Price Schedule of the tender document.

5.0 TENDER RATES:

- a) The rates quoted in the price schedule shall be in Indian rupees only. The quoted rates shall be firm throughout the period of Contract including extension of time, if any.
- b) If the bidder submits abnormally low bid in combination with other elements of the bid which raises material concern as to the capability of the bidder to perform the contract at the offered price, the bidder shall be asked to provide detailed price analysis of the bid in relation to the scope, schedule allocation of risk and responsibilities and any other requirements of the bid documents. If the bidder fails to demonstrate its capability to deliver the contract at the offered price the price bid shall be considered unresponsive.
- c) Organization is the final authority to judge the tender called items and has every power to accept or reject the same without assigning any reasons

6.0 PURCHASE PREFERENCE FOR MICRO & SMALL ENTERPRISES (MSE's)

6.1 Benefits, as prescribed by the MSME Policy of the Government of India shall be provided to MSE vendors registered as manufacturers for the goods procured or for the service providers. The procuring Entity reserves its option to give price preference to Micro and Small Industries in comparison to the large-scale industries as per policies of the Government from time to time.

6.2 RXIL (TReDS) PLATFORM

IREL is registered with RXIL (TReDS) platform. MSE bidders are requested to get registered with RXIL (TReDS) platform to avail the facility as per the GOI guidelines.

IREL (India) Limited is onboard with TReDS platform of M/s RXIL for facilitating Bill Discounting for MSME's.

As per DPE/7(4)/2007-Fin dt 21/08/2020, it is mandatory to get all the MSME vendors registered on the platform.

Vendors can get themselves registered at: https://onboarding.rxil.in/customerapp/home.

The registration fees of MSMEs on TReDS Platform is Free of Cost as per the new guidelines provided by SIDBI.

For any registration queries, vendors may please contact,

7.0 MAKE IN INDIA

For this procurement, Public Procurement (Preference to Make in India). Order 2017 dated 15.06.2017, 28.05.2018 & 29.05.2019 and subsequent Orders issued by the respective Nodal Ministry shall be applicable. The bidder to provide certificate for minimum 50% and 20% local content required for qualifying Class 1 Local Supplier. The bidder to provide needful certificate as a proof.

8.0 RESTRICTION ON PROCUREMENT FROM A BIDDER OF A COUNTRY WHICH SHARES A LAND BORDER WITH INDIA (AS PER GOI GUIDELINES AMENDED FROM TIME TO TIME)

The bidder to provide needful certificate.

9.0 IREL reserves the right to increase or decrease the quantity to be ordered up to 25 percent of bid quantity at the time of placement of contract. IREL also reserves the right to increase the ordered quantity by up to 25% of the contracted quantity during the currency of the contract at contracted rates. Bidders are bound to accept the orders accordingly.

10.0 EARNEST MONEY DEPOSIT (EMD)/ BID SECURITY

10.1 Earnest Money Deposit (EMD) is a deposit received from the tenderers in token of their earnestness in submitting their offer to undertake the supplies/works/services/consultancy contracts and conclude a

- 10.2 contract if entrusted to them on the basis of their tender. The offers received from tenderers without EMD and/or tender cost shall be summarily rejected except where an exemption is provided in the tender.
- 10.3 EMD is to be remitted by way of 'Insurance Surety Bonds' or 'account payee demand draft' or 'fixed deposit receipt' or 'bankers cheque' or 'Bank Guarantee from any scheduled commercial Banks' or "online payment' in
- 10.4 favour of IREL. The payment details to be informed to Purchase Department well in advance enabling verification of receipt of the amount.
- 10.5 Government Body/Public Sector Undertakings may be exempted from payment of EMD with the approval of Competent Authority.
- 10.4 EMD amount in rupee value is to be mentioned as a fixed amount in the tender and not as a percentage of the estimated cost and no interest is payable on the EMD.
- 10.5 EMD shall be exempted to MSEs and Start-ups as per prevailing guidelines in this regard. Policy is meant for procurement of only goods produced and services rendered by MSEs. However, traders/distributors/ sole agent/ Works Contract are excluded from the purview of Public Procurement Policy for MSEs Order, 2012.
- 10.6 EMD is liable to be forfeited if:
- a. The tenderer changes the terms and conditions or prices or withdraw his quotation subsequent to the date of opening/ The tenderer impairs or derogates from the tender in any respect within the period of validity of the tender
- b. The tenderer fails to accept the order when placed or fails to commence supplies/works/services after accepting the order.
- c. In case bidder submits false/fabricated documents.
- d. d) In case bidder fails to submit SD as stipulated in the tender.
- 10.7 EMD may be adjusted against security deposit / performance security of the successful bidder. EMD of the unsuccessful bidders shall be returned to them at the earliest after expiry of the final bid validity period and latest by the 30th day after the award of the contract. Bid security shall be refunded to the successful bidder on receipt of performance security. However, in case of two stage bidding/ 2or 3 envelope bidding, EMD of unsuccessful bidders during first stage i.e. technical evaluation etc. shall be returned within 30 days of declaration of result of first stage i.e. technical evaluation etc.
- 10.8 In case where the EMD is provided in form of BG in the prescribed format to be attached with the tender, the BG shall be obtained from a scheduled commercial Bank with validity of 45 days beyond final bid validity period.

11.0 SECURITY DEPOSIT (PERFORMANCE SECURITY) OR PERFORMANCE BANK GUARANTEE:

- 11.1 Security deposit (SD) shall be uniformly levied @ 5% of contract value (excluding Taxes) towards satisfactory completion of the order/works as under:
 - a) For works contract valued more than Rs.2 lakhs. b) For supply & service contract valued more than Rs.5 lakhs
 - Performance Security is to be furnished by a specified date (generally 14 (fourteen) days after notification of the award) and it should remain valid for a period of 60 (sixty) days beyond the date of completion of all contractual obligations of the supplier/ contractor, including warranty obligations/ defect liability period (DLP).
 - In exceptional cases waiver of SD shall be approved by Competent Authority after recording the reasons for such waiver.
 - 11.2 Submission of SD/PBG, if called for in the tender can also be paid through Insurance Surety Bonds" or "account payee demand draft" or "fixed deposit receipt from a Scheduled Commercial bank" or "Bank Guarantee issued/ confirmed from any Scheduled Commercial Banks in India" or online payment to be confirmed sharing Unique Transaction Reference (UTR) to the tender inviting authority as called for in tender. In case of GTE tenders, the performance security should be in the same currency as the contract and must conform to Uniform Rules for Demand Guarantees (URDG 758) an international convention regulating international securities. In case of JV, the BG towards performance security shall be provided by all the partners in proportion to their participation in the project. Bank Guarantees towards Bid Security/ Security Deposit/ PBG issued by Nationalized Banks/ Scheduled Commercial Banks (other than Cooperative Banks) only acceptable.
 - 11.3 In exceptional cases of work contracts, the approving authority may consider Recovering balance SD (in addition to EMD if it is given not in BG form) amount from 1st running bill of the contractor which shall be specifically mentioned in the tender document itself.

- 11.4 EMD/ Bid Security may be adjusted towards SD. However, if EMD is submitted in the form of Bank Guarantee, fresh Bank Guarantee in the prescribed format or demand draft/ bankers cheque is to be submitted towards SD.
- 11.5 BG format for security deposit is attached in Annexure-XIV.
- 11.6 The SD shall not bear any interest and is liable to be forfeited for unsatisfactory completion or on abandonment of the supply/ work order.

 Additional amount of SD due to enhancement in scope of work is also to be

12.0 RETENTION MONEY

- 12.1 Where in a contract, payment is made on progressive billing of work executed, 5% of the bill value shall be retained at the time of making payment towards rectification/defective work made a s retention money.
- 12.2 The total SD and retention money together towards performance guarantee shall not exceed 10% of the contract value.

13.0 REFUND OF SD AND RETENTION MONEY

- 13.1 Before releasing SD or retention money in respect of supplies/works, a "No Due Certificate" shall be issued by EIC/OIC duly countersigned by head of the department after ensuring that no amounts are recoverable from the supplier/contractor.
- 13.2 EIC/OIC shall recommend release of SD and retention money after compliance by the contractor towards guarantee/warranty/performance guarantee & other related clauses as stipulated in the purchase/work order and on submission of formal claim by contractor.
- 13.3 On receipt of "no dues certificate" from EIC/OIC, SD or retention money retained in the form of B.G and / or any form shall be refunded at the earliest, if the contractor is not liable to pay any money to IREL (India) Limited under any other contract.

14.0 FORFEITURE OF SD & RETENTION MONEY

The SD & retention money shall stand forfeited in favor of IREL (India) Limited, without any further notice to the contractor in the following circumstances:

In case of any failure whatsoever on the part of the contractor at any time during performance of his part of the contract including the extended periods of contract, where notice is given and time for rectification allowed.

If the contractor indulges at any time in any subletting/sub-contracting of any portion of the work without approval of IREL (India) Limited.

2							

3.1 CRITERIA FOR DISQUALIFICATION

The annualized concurrent commitments of the bidder plus annualized estimated value of the work under consideration exceeds 4 times the average annual turnover of the preceding 3 years.

SPECIAL CONDITIONS OF CONTRACT (SCOC)

1.0 SCOPE OF THE WORK

The scope of work includes structural repair of MS truss, purlins, bracing members and painting of truss in silo no.4, 5 & 6 and replacement of AC roof sheets by using PVC roof sheets at silo No. 6. The silo is an RCC structure storage having approximate size of 36 m \times 16 m and a height of about 8 m with MS structural truss & AC sheet roofing. The technical details of the work are as follows.

- 1.1 Replacement of MS roof structural truss, purlins, rafter, cleats, ties, supports, side bracing, stiffeners, etc., after taking actual site measurements of damaged structural members at silo. Supply, fabrication & erection of new MS roof structural members to proper lines and levels and fixing using welding/bolting after cutting/removing the damaged structural members using gas cutting, painting the steel surface with one coat of epoxy primer (zinc phosphate/red oxide) & two coats of high build epoxy finish paint after thorough surface preparation using cup brush fitted with angle grinder, necessary scaffolding arrangements wherever required etc., The waste materials generated during the work shall be disposed at our waste/scrap yard. The work shall be carried out with utmost care, following safety standard/procedure (as advised by EIC/ Safety department) under close supervision with necessary work permit.
- 1.2 Supply & Painting the existing MS structural truss, rafters, purlins, side bracings, stiffeners, joint plates, gusset plate and other roof supports etc., with one coat of epoxy primer (zinc phosphate/red oxide) and two coats of high build epoxy chemical resistant finish paint after thorough surface preparation which includes removing loose old paint layer thoroughly, dirt, grease by using emery paper, cleaning the surfaces using sand/wire brushes / scrapper etc., including scaffolding necessary scaffolding arrangements wherever required etc., mixing & application of paint as per manufacturers specification, disposing the waste within 750m distance inside disposal yard premises, all required for the completion of work as directed by the Engineer-in-charge. Successive coat of paint shall be applied only after hard drying of the previous coat. Minimum 24 hrs, should be given between successive coatings. The colour shade shall be got approved before commencement of work.
- 1.3 Removing of all AC roof sheet at all heights (8m from ground level) using proper tools and plants without damaging the adjacent structures, lowering carefully and depositing the waste materials in the scrap yard as per standard specification and as directed by Engineer-in-charge.
- 1.4 Supplying, providing, laying and fixing of industrial profile PVC roof sheet 1.9mm thick white colour, (overall width of 1063mm and crest height of 40mm with centre to centre crest of 250mm), fixing with suitable size aluminium alloy mill finish cyclonic / storm washer on crest of sheet profile, SS304 self tapping screws, FRP flats on joints and apply weather proof silicon joint sealant to make the roof leak proof, to suit the existing M.S. angle/channel, purlin, in required shape/length etc. to suit for existing site conditions and roof setup as per standard specification and as directed by Engineer-in-charge.
- 1.5 Coverage of High build epoxy primer & epoxy chemical resistant finish paint shall be calculated as 7m²/litre/coat and water based primer of actual area painted. Required quantity of paint & primer shall be supplied to department, and the same will be utilised on need basis for day to day work. All the paint drums/cans shall be in sealed condition with manufacture label consisting paint name and quantity with shelf life of minimum 6 months along with bill/invoice/delivery challan.
- 1.6 The work also includes supply, fabrication and erection of GI gates, solid concrete block masonry work, plastering work inside factory premises as per requirement.
- 1.7 The work must be carried out generally as per the technical specification and the contractor must be willing to undertake minor changes to suit the site conditions and as per company requirements. The contractor must ensure full compliance of the directives of Engineer-in-charge during every stage of work.

2.0 SCOPE OF SUPPLY OF MATERIALS

- 2.1 IREL will provide the following utilities free of cost a) Electricity & Water (at existing point only)
- 2.2 If Electricity and water is included in the list of utilities under free supply by IREL, it will be made available at a single point from where the contractor shall make their own arrangements for using the same, following the safety regulations practiced in IREL.
- 2.3 The contractor is responsible for providing all working implements, safety gadgets (all PPEs

required), labour, tools & tackles, tarpaulin in required thickness & size for covering the roof sheets during rain to prevent rain water ingress inside the silo, gas cutting set, scaffolding arrangement with H frames / MS pipes with cup lock system, welding machine, working platforms, safety ladder (crawl/roof ladder), safety nets, hand gloves, face shield, apron, suit, wire ropes for life line in both vertical & horizontal to prevent falling of workmen from height, safety belt, electrical switchboard with industrial type plug points in sufficient length of cables with ELCB, hire charges of vehicles, cranes, derrick, pulley, chain block, machineries, equipment, dewatering pump, hose etc., required for carrying out the complete work as per sequence of all activities in safe manner without affecting any damage to the adjacent structure and shifting / transporting of all waste, debris, scrap items generated during the dismantling and chipping work etc., to disposal yard or any other area as per instruction by Engineer-in-charge (EIC).

3.0 <u>LIST OF MATERIALS OF APPROVED BRAND/ MANUFACTURERS</u>

1	MS Structural	SAIL/ VIZAG/ TATA/JSW/ ESSAR
2	GI structural	Tata / Jindal / Appollo
3	PVC roof sheet	Palram make - palruf brand
4	Cement	ACC, Malabar, Ultra Tech, Guj. Ambuja, Birla, Chettinadu, Ramco, Coromondal, Zuari, Dalmia& India Cements
5	Epoxy Paint & Primer	Asian/Berger/Nerolac/Indigo
6	Fasteners (SS self tapping screws) / Storm Washers (OKRON)	EJOT / TATA

4.0 <u>DURATION OF CONTRACT</u>

- 4.1 The work shall be commenced within 14 days of receipt of work order.
- 4.2 This CONTRACT shall remain valid for a period of 4 months of receipt of work order. However, IREL (India) Limited reserves the right to terminate the contract at any time before the expiry of the normal tenure in case service is found to be deficient/ unsatisfactory.
- 4.3 Seven days' time from the date of dispatch/posting of work order/letter by IREL will be considered for the receipt of work order unless proven otherwise by the contractor.
- 4.4 Permitted work timings inside factory premises is from 0800 hrs to 1600 hrs. Any request for extension of time will be entertained only in case of exigencies under the sole discretion of E-I-C.
- 4.5 Hindrance register & Daily log register showing description of work, number of labours engaged, location of work on each day from date of commencement shall be maintained by the contractor. In addition, any delay on the part of IREL in handing over the site or stoppage of work-in-progress for its production/maintenance requirements or site constraints due to heavy rainfall or floods which affecting the progress of work or any unsafe condition to carry out the work etc., shall be recorded in hindrance register by contractor on each day. The time of completion will be extended with number of working days affected due to valid / genuine reasons observed in Hindrance register after certified by EIC. However, it is the responsibility of the contractor to bring the above hindrances to the attention/notice of the EIC and jointly record in the register within 3 working days of hindrance occurred otherwise the same will not be considered for any extension of time.

5.0 PAYMENT

- 5.1 95% of the actual executed contract value (final bill amount) less statutory deductions applicable and part payments, retention money shall be released on completion of the entire work in all respects within 30 days on due certification of Bill by our Engineer-in-Charge.
- 5.2 You shall submit to IREL account bill (also known as 'Running account Bill') showing the quantity of work executed till the date of raising the bill accompanied by detailed and abstract measurements.
- 5.3 Part payment will be made based on the following conditions, No payment will be released below Rs. 5,00,000/-
 - Payment will be released on the basis of actual measurements of work done such part payment will be 95% of the amount payable to the contractor along with 100% of taxes & duties on certification of Engineer-in-charge.
- 5.4 You shall have to submit the Final bill immediately after completion of work but not later than a maximum period of 40 (forty) days after successful execution of work along with all relevant documents such as certified measurements, material reconciliation statement, statement of materials and scrap

- returned to stores, labour payment, PF clearance etc. If you fail to submit the final bill within the stipulated period then your claim for payment may not be considered.
- 5.5 The final bill shall be checked by Engineer-In-Charge within 20 days after its receipt and returned to you for corrections, if any are needed. You have to resubmit the bill with corrections within 20 days of its return by Engineer-In-Charge. The resubmitted bill shall be checked and paid within 30 days of its receipt.
- 5.6 TDS will be deducted by IREL (India) Limited from the bills of the contractor as per IT Act'1961 & GST act and rules.
- 5.7 No Mobilization advance or Secured advance will be paid for the work
- 5.8 No other advance unless and otherwise stated elsewhere in the documents such as General Conditions of Contract, Special Conditions of Contract, etc. shall be payable.
- 5.9 The contractor is responsible and liable to remit all statutory dues, collected/included in the Price Schedule of the contract, to the Statutory Authorities without fail. IREL is not responsible for remittance of such tax collections.
- 5.10 Balance 5% retained from each running account bill plus security deposit if any will be returned after the warranty period or against submission of bank guarantee for the said amount & period.

6.0 **GUARANTEE**

The entire work done by the contractor must be guaranteed against poor quality of materials supplied & workmanship for a minimum period of Twelve months from the date of completion.

7.0 SAFETY, SUPERVISION & HOUSE KEEPING

- 7.1 The contractor is fully responsible for carrying out the work in safe manner. Contractor has to carry out the work with utmost care and as per the rules laid down by IRE safety department. Safety permit for working at heights and hazardous areas must be obtained on daily basis prior to starting of the work. Every effort must be taken to see that, as far as possible the normal production work should not get affected due to the work.
- 7.2 Contractor has to ensure that supervisor is provided at the site for ensuring the progress of the work and availability of all safety appliances to the workmen.
- 7.3 Before carryout any repair/painting work inside the shed/building, Safety net shall be laid beneath the working area. The Safety net shall be tied to the structural members provided it is in good condition. Otherwise, wire rope shall be anchored to the RCC wall & the Safety net shall be tied to the wire rope
- 7.4 Safety belt, face mask/respirator shall be used by the personnel while working inside the silo. The safety belt shall be suitably anchored to the structural members inside/lifeline provided using wire rope.
- 7.5 Working platform made using MS pipes & wooden planks /GI sheet shall be provided wherever the structural repair works are to be carried out. It shall be supported to the stable structural members nearby permanent structure.
- 7.6 The work must be carried out under close supervision and without causing any damage / hindrance to the existing structure or equipments and other activities in the surrounding areas.
- 7.7 The work spot shall be cleared of the waste materials / debris on daily basis. On completion of the work, all working implements, scaffoldings, excess materials if any etc., must be removed from site.
- 7.8 Special Work Permit shall be obtained for working at heights and other hazardous areas as specified by Safety department prior to commencement of work on each day.
- 7.9 The contractor must provide Personal Protective Equipments like safety shoes, helmet, gloves, goggles etc., for their workmen suitable for the working environment and also as per the advice of Safety-in-charge / Engineer-in-charge.
- 7.10 The scaffolding used for height work shall be of Mild Steel tubular type with base plate, necessary bracings and working platform must be provided using MS Shuttering sheet/ wooden planks with hand rails. Materials used must be of good quality and strength.
- 7.11 For work at height (at a height more than 3 mtrs), the contractor shall provide rope Access systems and Personal Protective Equipment for protection against fall as per ISO-22846-1:2003 and 22846-2:2012. No extra cost shall be paid for this special safety arrangement
- 7.12 Safety net shall be provided by the contractor for the repair works of roof structural and such repair works at height. If the same is not provided by the contractor, safety net can be used from IREL for which an amount of Rs. 1000/- will be deducted from the bill as a penalty for not following safety requirements for each day of issue of safety net by IREL.
- 7.13 All extension boards brought by the contractor shall be fitted / equipped with ELCB or the contractor shall provide a separate main electrical board with ELCB for taking extension lines. All portable equipments brought by contractor shall meet the relevant safety standards/IS requirements.

8.0 VARIATION IN QUANTITIES

Quantities stated under each item in the Specification or Bill of Quantities/Price Schedule is approximate only. The contractor must be willing to accept any variation in quantities and the unit rate quoted shall remain unchanged. The company reserves the right to cancel any part of the work if the same is not required to fulfill the objectives of the specific work contract.

9.0 SITE INSPECTION

Contractors are advised to inspect the site before submitting their quotation. Interested bidders can inspect the site on any working days at our specified visiting hours with the permission of Engineer concerned of Civil Section. The bidders also advised to study the labour supply / availability, trade union practices and labour rates prevailing Udyogamandal.

10.0 SPECIAL CONDITIONS

- 10.1 The works shall be carried out as per direction of HPU officials of BARC/IREL during the course of contract. Working time inside the silo for painting of roof structural, replacement of roof sheets will be restricted considering the safety of working personnel. The bidder shall arrange two or more batches/shift of their labours in rotation basis for continuation of the work till roofing work is completed. The special radiological safety work permit will be taken on daily basis.
- 10.2 The contractor shall arrange for temporary covering of the open area using water resistant tarpaulin sheets during rainy days/season before commencement of roof removal works. However, there should not be any water ingression
- 10.3 The contractor is responsible to rectify site constraints found during the execution of work such as pipe racks, pipe lines, cable trays, electrical cables etc., shall be carried out in consultation with the Engineer-in-charge.
- 10.4 The contractor shall engage supervisory person at site having degree (B Tech /BE in Civil Engineering) with minimum 1 year post qualification experience in civil construction or maintenance works OR Diploma in Civil Engineering with minimum 3 year post qualification experience. Non compliance of the same shall attract a penalty of Rs. 3000/- per day from the date of commencement of work.

11.0 PENALTY FOR NON-COMPLIANCE

In order to ensure 100% compliance of safety related regulations and procedures and non-use of PPE, penalty will be imposed on the contractor for not adhering to safety rules & regulations. The contractor must endeavour to avoid penalty by encouraging, motivating and making their employees aware about all the Safety regulations.

Sl. No.	Safety violation	Penalty
1	Non-use of PPE like Helmet/Safety shoes etc.	Rs. 250/-per day/item/person
2	Hot work without proper permit/clearance	Rs. 1000/- per occasion
3	Non-use of ELCB, use of non-standard socket, poor cable joint, laying wire/ cables on roads, electrical job by incompetent person, use of more than 24V power in confined space	Rs. 500/- per item/day
4	Working at height without safety belt, using non- standard scaffolding and not arranging fall protection arrangement	Rs. 500/- per case/day
5	Handling of compressed gas cylinders without trolley, jubilee clips, double gauge regulator & improper storage & handling	Rs. 200/- per item/day
6	Non deployment of safety supervisor/supervisor responsible for safety at work site	Rs. 3000/- per day

12.0 ENGINEER-IN-CHARGE (EIC)

K.Sankaralingam, Manager - Technical (Civil) will be the Engineer-in-Charge for this work

BILL OF QUANTITY

Item no	DESCRIPTION OF WORK	Qty	Unit
1	Dismantling of concrete / masonry or brick walls using a portable, electrically operated, heavy-duty breaker machine or jackhammer unit in low-vibration mode, without affecting the adjacent structure or building. The work includes removal of concrete/masonry waste from inside the silo to disposal yard, as well as cleaning and shifting all waste/debris generated within 950 meters inside the factory premises, as directed by the Engineer-in-charge. The rate shall include cost of labour charges, machineries, tools & equipment's, shifting material transportation cost, consumables etc.all other items necessary to complete the entire work as directed by the Engineer-in-charge	5	m³
2	Replacement of MS roof truss structure, purlins, rafters, cleats, ties, supports, bracings, stiffeners, monkey ladder, etc., after taking actual site measurements of the damaged structural members. The work includes the supply, fabrication, and erection of new MS roof truss structural members, ensuring proper alignment and levels, and fixing them using welding/bolting after cutting and removing the damaged structural members by gas cutting. The steel surface will be painted with one coat of epoxy primer (zinc phosphate/red oxide) and two coats of high-build epoxy finish paint, following thorough surface preparation using a cup brush fitted with an angle grinder. The waste materials generated during the work shall be disposed of at our waste/scrap yard. The work will be carried out with utmost care, in compliance with safety standards and procedures (as advised by the EIC/Safety Department), under close supervision and with the necessary work permits. The rate includes the cost & conveyance of all materials, scaffolding, working platforms, tools and equipment, transportation, loading and unloading etc. all other items necessary to complete the entire work as directed by the Engineer-in-charge	5	t
3	Supply, laying & fixing of PVC (virgin plastic) industrial troughed roofing sheets of approved make, white colour of thickness 1.9mm for roofing in silo, required shape and length including ridges suit to PVC sheet profile of 0.70mm thick aluminium sheet, fixing & securing to existing MS purlins, as per manufacturer recommendations, fixing with suitable size Aluminium alloy mill finish cyclonic/storm washer with EPDM sealing base layer on crest of sheet profile with SS 304 self-tapping screws of approved make, providing FRP flats 50mm width x 3mm thick on joints of sheets by suitable fasteners with roof sheets, applying weather resistant silicon sealant over the screws, necessary grouting / cement plastering in supporting masonry structure etc., as required to suit the existing site conditions. The work also includes removing & lowering all existing AC roof sheets, ridges and disposing all waste generated from work site to our disposal yard within a distance of 750m. The rate shall include cost & conveyance of all materials, consumables, hire. charges of tools required for the work, scaffolding charges, safety net, cat ladder, working platform, ties & labour charges etc., for carrying out the complete work. The waste material generated from site shall be disposed to our yard within the distance of 950m inside our company premises.	1050	m²
4	Supply and painting of the existing roof truss structural members, including rafters, purlins, bracings, stiffeners, joint plates, gusset plates, and other roof supports, with one coat of epoxy primer (zinc phosphate/red oxide) and two coats of high-build epoxy chemical-resistant finish paint, after thorough surface preparation. The preparation includes removing loose old paint, dirt, and grease	1500	

	using emery paper, sand/wire brushes, scrapers, etc. This also covers the cost of paint, thinners, paintbrushes, wire brushes, and all necessary materials, as well as the mixing and application of paint according to the manufacturer's specifications.		
	The rubbed debris from MS steel should be disposed of in the scrap yard or location directed by the Engineer-in-charge (EIC), as required for the completion of work. Note: Successive coats of paint shall only be applied after the previous coat has fully dried, with a minimum 24-hour drying period between coats. The colour shade must be approved before the commencement of work. The rate includes cost & conveyance material costs, scaffolding, platform charges, labour charges, tools and		m²
	equipment, consumables, and all other items necessary to complete the entire work as directed by the Engineer-in-charge		
5	Engaging tanker lorries of sufficient capacity suit to existing site conditions and pumping of contaminated accumulated rain water from silo no.7 to silo no.9 using suitable capacity submersible slurry pump, hose tubes, drain the silo fully & make the empty of water stagnation, shifted and pumping in to silo no.9 at disposal yard after removal of cover slab manually or mechanical means.		N
	The rate shall include hire charges of all machineries (submersible pump, hose), tools vehicles (tanker lorries, PVC drums) required for the work, labor charges etc., complete the entire work to the satisfaction of Engineer-in-charge.	1	No
6	Fabrication, Supply & fixing of gates or doors using GI rectangular hollow sections (Make: Tata / Jindal / Apollo) in position at scrap yard / disposal yard at various locations as directed by engineer in charge. The work also includes providing and fixing of heavy-duty hinges, al-drops, tower bolts, other supports and all necessary accessories etc., completion of all works. The door after fabrication shall be cleaned and painted with one coat of epoxy primer and one coat of PU Enamel or epoxy finish paint. The colour of the finish paint shall be approved by the EIC. The rate shall include cost of all materials, labour charges, hire charges for tools & machineries required for the work etc., for carrying out the complete work	1	t
7	Providing masonry work using concrete block of standard size of 30cm x 20cm x 15cm / 30cm x 20cm x 10cm in repair of masonry wall using cement mortar 1:5 (1 Cement: 5 coarse sand) including raking out joints, finishing to proper lines & levels, chipping the existing concrete surface for necessary bonding, curing etc complete at all levels. The rates shall include cost & conveyance of all materials, labour charges, tools, cleaning, lead & lift of all materials, mixing, scaffolding etc., for carrying out the complete work.	3	m³
8	12mm cement plaster of mix 1:4 (1 cement: 4 coarse sand) for fair faces using good quality M-sand, one coat floated hard and trowelled smooth, finished with a floating coat of neat cement including cement grout and curing etc., complete as directed by Engineer-in-Charge at all levels. The rates shall include cost of all materials, labour charges, tools, cleaning, lead & lift of all materials, mixing, scaffolding etc., for carrying out the complete work.	80	m²

Note: -

- Party has to quote the basic rate in Rs. and the GST in % separately as per price schedule attached. If GST in % is not entered/quoted it will be considered as inclusive of GST. Overall lowest will be considered as L1 1.
- 2.

DETAILS TO BE FURNISHED ALONG WITH THE OFFER

Item no	DESCRIPTION OF WORK	GST in %	HSN Code
1	Dismantling of concrete / masonry or brick walls using a portable, electrically operated, heavy-duty breaker machine or jackhammer unit in low-vibration mode, without affecting the adjacent structure or building. The work includes removal of concrete/masonry waste from inside the silo to disposal yard, as well as cleaning and shifting all waste/debris generated within 950 meters inside the factory premises, as directed by the Engineer-in-charge. The rate shall include cost of labour charges, machineries, tools & equipment's, shifting material transportation cost, consumables etc.all other items necessary to complete the entire work as directed by the Engineer-in-charge		
2	Replacement of MS roof truss structure, purlins, rafters, cleats, ties, supports, bracings, stiffeners, monkey ladder, etc., after taking actual site measurements of the damaged structural members. The work includes the supply, fabrication, and erection of new MS roof truss structural members, ensuring proper alignment and levels, and fixing them using welding/bolting after cutting and removing the damaged structural members by gas cutting. The steel surface will be painted with one coat of epoxy primer (zinc phosphate/red oxide) and two coats of high-build epoxy finish paint, following thorough surface preparation using a cup brush fitted with an angle grinder. The waste materials generated during the work shall be disposed of at our waste/scrap yard. The work will be carried out with utmost care, in compliance with safety standards and procedures (as advised by the EIC/Safety Department), under close supervision and with the necessary work permits. The rate includes the cost & conveyance of all materials, scaffolding, working platforms, tools and equipment, transportation, loading and unloading etc. all other items necessary to complete the entire work as directed by the Engineerin-charge		
3	Supply, laying & fixing of PVC (virgin plastic) industrial troughed roofing sheets of approved make, white colour of thickness 1.9mm for roofing in silo, required shape and length including ridges suit to PVC sheet profile of 0.70mm thick aluminium sheet, fixing & securing to existing MS purlins, as per manufacturer recommendations, fixing with suitable size Aluminium alloy mill finish cyclonic/ storm washer with EPDM sealing base layer on crest of sheet profile with SS 304 self-tapping screws of approved make, providing FRP flats 50mm width x 3mm thick on joints of sheets by suitable fasteners with roof sheets, applying weather resistant silicon sealant over the screws, necessary grouting / cement plastering in supporting masonry structure etc., as required to suit the existing site conditions. The work also includes removing & lowering all existing AC roof sheets, ridges and disposing all waste generated from work site to our disposal yard within a distance of 750m. The rate shall include cost & conveyance of all materials, consumables, hire. charges of tools required for the work, scaffolding charges, safety net, cat ladder, working platform, ties & labour charges etc., for carrying out the complete work. The waste material generated from site shall be disposed to our yard within the distance of 950m inside our company premises.		

4	Supply and painting of the existing roof truss structural members, including rafters, purlins, bracings, stiffeners, joint plates, gusset plates, and other roof supports, with one coat of epoxy primer (zinc phosphate/red oxide) and two coats of high-build epoxy chemical-resistant finish paint, after thorough surface preparation. The preparation includes removing loose old paint, dirt, and grease using emery paper, sand/wire brushes, scrapers, etc. This also covers the cost of paint, thinners, paintbrushes, wire brushes, and all necessary materials, as well as the mixing and application of paint according to the manufacturer's specifications. The rubbed debris from MS steel should be disposed of in the scrap yard or location directed by the Engineer-incharge (EIC), as required for the completion of work. Note: Successive coats of paint shall only be applied after the previous coat has fully dried, with a minimum 24-hour drying period between coats. The colour shade must be approved before the commencement of work. The rate includes cost & conveyance material costs, scaffolding, platform charges, labour charges, tools and equipment, consumables, and all other items necessary to complete the entire work as directed by the Engineer-in-charge	
5	Engaging tanker lorries of sufficient capacity suit to existing site conditions and pumping of contaminated accumulated rain water from silo no.7 to silo no.9 using suitable capacity submersible slurry pump, hose tubes, drain the silo fully & make the empty of water stagnation, shifted and pumping in to silo no.9 at disposal yard after removal of cover slab manually or mechanical means. The rate shall include hire charges of all machineries (submersible pump, hose), tools vehicles (tanker lorries, PVC drums) required for the work, labor charges etc., complete the entire work to the satisfaction of Engineer-in-charge	
6	Fabrication, Supply & fixing of gates or doors using GI rectangular hollow sections (Make: Tata / Jindal / Apollo) in position at scrap yard / disposal yard at various locations as directed by engineer in charge. The work also includes providing and fixing of heavy-duty hinges, al-drops, tower bolts, other supports and all necessary accessories etc., completion of all works. The door after fabrication shall be cleaned and painted with one coat of epoxy primer and one coat of PU Enamel or epoxy finish paint. The colour of the finish paint shall be approved by the EIC. The rate shall include cost of all materials, labour charges, hire charges for tools & machineries required for the work etc., for carrying out the complete work	
7	Providing masonry work using concrete block of standard size of 30cm x 20cm x 15cm / 30cm x 20cm x 10cm in repair of masonry wall using cement mortar 1:5 (1 Cement: 5 coarse sand) including raking out joints, finishing to proper lines & levels, chipping the existing concrete surface for necessary bonding, curing etc complete at all levels. The rates shall include cost & conveyance of all materials, labour charges, tools, cleaning, lead & lift of all materials, mixing, scaffolding etc., for carrying out the complete work.	
8	12mm cement plaster of mix 1:4 (1 cement: 4 coarse sand) for fair faces using good quality M-sand, one coat floated hard and trowelled smooth, finished with a floating coat of neat cement including cement grout and curing etc., complete as directed by Engineer-in-Charge at all levels. The rates shall include cost of all materials, labour charges, tools, cleaning, lead & lift of all materials, mixing, scaffolding etc., for carrying out the complete work.

ENGINEER-IN-CHARGE:

The Engineer-in-charge shall represent and act on behalf of IREL at all times during the currency of the all notices, instructions, orders, certificates, approvals and all other communications under this Contract shall be given by the ingineer-in-charge, except as herein otherwise provided.

The Engineer-in-charge shall have authority for

1.4.1 1.4.2 1.4.3

General supervision, follow up of supply and direction of the Works
Direction to stop the Works whenever such stoppage may be necessary to ensure theproper execution of the works
To reject all Works and Materials which do not conform to the contract specifications. The Engineer-in-charge shall have no authority to relieve the CONTRACTOR of any of hisduties or obligations under the contract nor except as expressly provided here-in-under orelsewhere in the Contract to order any work involving delay or any extra payment by IRELor to make any variation of or in the Works.

- The Contractor shall not assign the Contract or any part thereof or any benefit or interesttherein or thereunder (other than a charge in favour of the Contractor's Bankers of any money due or to become due under this Contract) without the prior written consent of Employer.
- The Contractor shall not sub-let the whole or part of the Works except where otherwise provided by the Contract, and even then only with the prior written consent of the Employerand such Consent if given shall not relieve the Contractor from any liability or obligation under the contract and he shall be responsible for the acts, defaults and neglects of any Sub-contractor, his agents, servants or workmen as fully as if they were the acts, defaultsor neglects of the Contractor, his agents, servants or workmen 2 workmen 2
 - CONTRACTOR shall supervise and direct the work of all SUB-CONTRACTORS and shallbe responsible for co-coordinating their work. If CONTRACTOR fails to correct, orcommence to-correct and execute the correction with due diligence of deficient or defectivework performed by any SUB-CONTRACTOR within reasonable time (provided it doesn't materially impact safe operation of plant), after receipt by CONTRACTOR of a notice from EMPLOYER with respect thereto. EMPLOYER may (but shall not be obligated to), after seven days following receipt by CONTRACTOR of an additional notice, and without prejudice to any other right or remedy take all reasonable steps to remedy such defectiveor deficient work at risk and cost of CONTRACTOR.
- 2.4 CONTRACTOR shall require all SUB-CONTRACTORS to perform in accordance with therelevant requirements of the CONTRACT including FINAL PROPOSAL, all APPLICABLE LAWS and APPLICABLE PERMITS, Prudent Utility Practice, Good Engineering Practices, the requirements of the NIT, and all Warranties of SUB-CONTRACTORS/SUBVENDORS and Manufacturers and all insurance policies relating to the PLANT or the WORK.
- CONTRACTOR shall be solely responsible for paying each SUB-CONTRACTOR and anyother person to whom any amount is due from CONTRACTOR for services, equipment, co related to the PLANT or the WORK.
- CONTRACTOR shall take all reasonable steps and actions to ensure that such services, equipment, construction equipment, materials and supplies and the like have been or will be received, inspected and approved and that such services have been or will be properly performed.
- 2.7 EMPLOYER shall not be deemed by virtue of the CONTRACT to have any contractual obligation to or relationship with any SUB-CONTRACTOR.

The Contract comprises the construction, completion and maintenance of the works and except in so far as the contract otherwise provides, the provision of all labour, materials, construction and maintenance or a temporary or permanent nature required in and for such construction, completion and maintenance.

CONTRACT DOCUMENTS: CUSTODY OF DRAWINGS: 4.1

The drawings shall remain in the sole custody of the Engineer but two copies thereof shallbe furnished to the Contractor free of cost. The Contractor shall provide and make at his own expense any further copies required by him. On the completion of the contract, the Contractor shall return to the Engineer all drawings provided under the contract, The Contractor shall give adequate notice in writing to the Engineer or Engineer's representative, of any further drawings or specifications that may be required for the execution of the works or otherwise under the contract.

ONE COPY OF DRAWINGS TO BE KEPT ON SITE:

4.3.1.1 FURTHER DRAWINGS AND INSTRUCTION:

The Engineer shall have full power and authority to supply to the Contractor from time to time during the progress of the works such further drawings and instructions as shall be nece execution and maintenance of theworks and the Contractor shall carry out and be bound by the same.

5.0

The Contractor shall enter into and execute a Contract Agreement in the form annexed hereto within the specified time in Letter of Intent/ Award and in default there of the earnestmoney paid by the Contractor shall be for

All modifications leading to changes in the CONTRACT with respect to technical or commercial aspects including terms of completion period shall be considered valid only when amendment to the CONTRACT is Employer.

The modification or amendment of the CONTRACT for an adjustment in the CONTRACT price and/or COMPLETION DATE in accordance with the applicable provision of the CONTRACT, if any, shall be subject to mutual agreement.

IREL shall not be bound by any printed conditions or provisions in the CONTRACTOR's bid forms or acknowledgement of CONTRACT and other documents which support to impose any condition at variance with or supplemental to CONTRACT.

The CONTRACTOR shall not, without the IREL's prior written consent, disclose the CONTRACT or any provision thereof, or any specification, plan, drawing, pattern, sampleor information furnished by or on behalf of the IREL inconnection therewith, to any personother than a person employed by the CONTRACTOR in the performance of the CONTRACT. Disclosure to any such employed person shall be made in confidence and shall extend only so far as may be necessary for purpose of such performance.

The CONTRACTOR shall not without the IREL's prior written consent, make use of any document or information enumerated in Clause 7.1 except for purpose of performing the CONTRACT.

Any document other than CONTRACT, itself, enumerated in Clause 7.1 shall remain the property of the IREL and shall be returned (all copies) to the IREL on completion of the CONTRACTOR's performance under the CONTRACT, if so required by the IREL.

CONTRACTOR TO INFORM HIMSELF FULLY:

The CONTRACTOR in fixing his rate shall for all purpose whatsoever reason may be, deemed to have himself independently obtained all necessary information for the purpose of preparing his tender and his tender as accepted shall be deemed to have taken into account all contingencies as may arise due to such information or lack of same. The correctness of the details, given in the Tender Document to help the CONTRACTOR to make up the tender is not guaranteed.

The CONTRACTOR shall be deemed to have examined the CONTRACT DOCUMENTS, to have generally obtained his own information in all matters whatsoever that might affect the carrying out of the works at the schedules rates and to have satisfied himself to the sufficiency of his tender. Any error in description of quantity or omission there from shall not vitiate the CONTRACT or release the CONTRACTOR from executing the work comprised in the CONTRACT or nelease the CONTRACTOR from executing the work comprised in the CONTRACT or and as to what all works he has to complete in accordance with the CONTRACT documents whatever be the defects, omissions or errors that may be found in the DOCUMENTS. The CONTRACTOR shall be deemed to have visited surroundings, to have satisfied himself to the nature of all existing structures, if any, and also as to the nature and the conditions of the Railwage had as to be added to have a contract or the site of the nature of the conditions of the Railwage had been decreased as the schedules are all existing structures, if any, and also as to the nature and the conditions of the Railwage had been decreased as the property of the contract of the c

Any neglect or omission or failure on the part of the CONTRACTOR in obtaining necessaryand reliable information upon the foregoing or any other matters affecting the CONTRACT shall not relieve him from any risks or liabilities or the entire responsibility from completion of the works at the scheduled rates and times in strict accordance with the CONTRACT.

It is, therefore, expected that should the CONTRACTOR have any doubt as to the meaning of any portion of the CONTRACT DOCUMENT, he shall set forth the particulars thereof inwriting to IREL in duplicate, before subt may provide such clarification as may be necessary in writing to CONTRACTOR, such clarifications as provided by IREL shall form part of CONTRACT DOCUMENTS.

No verbal agreement or inference from conversation with any effect or employee of the IREL before, during or after the execution of the CONTRACT AGREEMENT shall in any way affect or modify and of the terms or contained. Any change in layout due to site conditions or technological requirement shall be binding on the CONTRACTOR and no extra claim on this account shall be entertained.

GENERAL INFORMATION:

- Location of Site: The proposed location of Project site is defined in the Special Conditions of Contract.a) b)
 - Access by Road: CONTRACTOR, if necessary, shall build other temporary access roads to the actual site of construction for his own work at his own cost. The CONTRACTOR shall be required to permit the use of the roads so constructed by him for vehicles of any other parties who may be engaged on the project site. The CONTRACTOR shall also facilitate the construction of the permanent roads should the construction there of start while he is engaged on this work. He

shall make allowance in his tender for anyinconvenience he anticipates on such account. Non-availability of access roads, railway siding and railway wagons for the use of the CONTRACTOR shall in no case condone any delay in the execution of WORK nor be the cause for any claim for compensation against the EMPLOYER.

Scope of Work: The scope of WORK is defined in the Technical Part of the tender document. The CONTRACTOR shall provide all necessary materials, equipment, labour etc. for the execution and maintenance of the WORK till completion unless otherwise mentioned in the Tender Document. Water Supply: Contractor will have to make his own arrangements for supply of water tohis labour camps and for works. All pumping installations, pipe network and distribution system will have to be carried out by the Contractor at his own risk and cost. Alternatively, IREL at his discretion may endeavour to provide water to the Contractor at its source of supply provided the Contractor makes arrangement for pipe networks from source of supply provided the Contractor makes arrangement for pipe networks from source of supply provided the Contractor makes arrangement for pipe networks from source of supply provided the Contractor makes arrangement for pipe networks from source of supply provided the Contractor makes arrangement for pipe networks from source of supply provided the Contractor makes arrangement for pipe networks from source of supply provided the Contractor makes arrangement for pipe networks from source of supply provided the Contractor makes arrangement for pipe networks from source of supply provided the Contractor makes arrangement for pipe networks from source of supply provided the Contractor makes arrangement for pipe networks from source of supply provided the Contractor makes arrangement for pipe networks from source of supply provided the Contractor makes arrangement for pipe networks from source of supply provided the Contractor makes arrangement for pipe networks from source of supply provided the Contr

Power Supply: Subject to availability, IREL will supply power at 400/440 V at only one point at the nearest sub-station, from where the CONTRACTOR will make his own arrangement for temporary distribution. The point of supply will not be more than 500 m away from the CONTRACTORS premises. All the works will be done as per the applicable regulations and passed by the ENGINEER-IN-CHARGE. The temporary line will be removed forthwith after the completion of work or if there is any hindrance caused to the other works ductor beadingment of these lines, the CONTRACTOR will re-route or remove the temporary lines at his own cost. The CONTRACTOR at his own cost. The CONTRACTOR at his soon to state the contract of the IREL. The cost of power supply shall be payable to IREL every month for Construction works which would be deducted from the running account bills (subject to rate of deduction specifically mentioned in the tender, if any). IREL shall not, however, guarantee the supply of electricity nor have any liability in respect thereof. No claim for compensation for any failure or short supply of electricity willbe admissible.

It shall be the responsibility of the CONTRACTOR to provide and maintain the complete installation on the load side of the supply with due regard to safety requirement at site. All cabling, equipment, installations etc. shall comply in all respects with the latest statutory requirements and safety provisions, i.e., as per the Central/State Electricity Acts and Rulesetc. The CONTRACTOR will ensure that his equipment and Electrical Wiring etc., are installed, modified, maintained by a licensed Electrician/Supervisor. A test certificate is tobe produced to the ENGINEER-IN-CHARGE for his approval, before power is made available.

At all times, IEA regulations shall be followed failing which the IREL has a right to disconnect the power supply without any reference to the CONTRACTOR. No claim shallbe entertained for such disconnection by the ENGINEER-IN-CHARGE. Power supply willbe reconnected only after production of fresh certificate from authorized electrical supervisors.

The IREL is not liable for any loss or damage to the CONTRACTOR's equipment as a result of variation in voltage or frequency or interruption in power supply or other loss to the CONTRACTOR arising therefrom

The total requirement of power shall be indicated by the tenderer along with his tender.

STANDARDS:

The goods and services supplied under this CONTRACT shall conform to the standards mentioned in the technical specifications and when no applicable standard is mentioned, CONTRACTOR shall follow best engineering practices.

PRIORITY OF CONTRACT DOCUMENTS:

Except if and the extent otherwise provided by the Contract, the provisions of the General Conditions of Contract and Special Conditions shall prevail over those of any other documents forming part of the CONTRACT. See documents forming the CONTRACT are to be taken as mutually explanatory of one another, but in case of ambiguities or discrepancies the same shall be explained and adjusted by the ENGINEER-IN-CHARGEwho sthereuponissue to the Contractor instructions thereonand insuchevent, unless otherwise provided in the Contract, the priority of the documents forming the Contractshall be as follows:

- Any other document forming part of the Contract.

Works shown in the DRAWING but not mentioned in the SPECIFICATIONS or described in the SPECIFICATIONS without being shown in the DRAWINGS shall nevertheless be deemed to be included in the sature they had been specifically shown upon the DRAWINGS and described in the SPECIFICATIONS.

SPECIAL CONDITIONS OF CONTRACT:

Special Conditions of Contract shall be read in conjunction with the General Conditions of Contract, specification of Work, Drawings and any other documents forming part of this CONTRACT wherever the context so requires. Notovithstanding the sub-division of the documents into these separate sections and volumes, every part of each shall be deemed to be supplementary to and complementary of every other part and shall be read with and into the CONTRACT so far as it may be practicable to do so.

Where any portion of the General Conditions of Contract is repugnant to or at variance with any provisions of the Special Conditions of Contract, unless a different intention appears, the provisions of the Special Conditions of Contract shall be deemed lower-include provisions of the General Conditions of Contract shall be extent of such repugnancy, or variations, prevail.

81

83

9.1

9.1.3

9.1.4

9.1.6

CONTRACTOR shall at all times, indemnify and keep indemnified IREL against all claimsor suits and defend, at its own cost, any suit or action brought against IREL and hold IRELfree and harmless against all costs of such claimsor suits which may be made against IREL in respect of any infringement of any rights protected by patent, copyright, trademarks, and trade secrets to the extent that such claim, suit, or action is a result of these of CONTRACTOR's sand/or any other process, licenser's processes used in PLANT. IREL shall pass on all claims made against it to

CONTRACTOR declares that to the best of his knowledge and belief the use of CONTRACTOR's Technical Information for the construction, maintenance, and operation of PLANT and the use of CONTRACTOR's processes used in PLANT will not infringe anyvalid patient rights of a third party. However, if at any time such infringement arises, CONTRACTOR agrees to keep IREL indemnified and harmless against such claims and costs thereof and make arrangements that will allow IREL to continue the operation of PLANT.

IREL shall promptly advise CONTRACTOR in writing of any claim of infringement or any action for infringement of patents brought against it by a third party and based upon the use of CONTRACTOR's Technical Inform If such use is in accordance with instructions given in writing by CONTRACTOR, CONTRACTOR shall undertake the defence, or assist IREL in the defence, of the claim or suit up to final judgment or settlement.

CONTRACTOR shall undertake the defence on behalf of IREL and shall have sole chargeand direction of the defence, and shall bear all costs related thereto. CONTRACTOR shallfurther hold IREL harmless from any damages or other sums that may be come payable by IREL under a final judgment or settlement. However, IREL shall render to CONTRACTOR all reasonable assistance that may be required by CONTRACTOR in the defence, and shall have the right to be represented therein by advisory coursel of its own respection.

In addition to the measures specified in Clause-8.4, CONTRACTOR may further, at its option, however, in reasonable consultation with IREL, seek to abate the alleged infringement by modification of PLANT or its operation without adversely affecting the performance and/or secure for IREL immunity from suit for infringement. In such case, CONTRACTOR shall bear/ reimburse IREL all costs related to the said modification and to the said immunity.

In the event that IREL is legally restrained from operating PLANT on account of any infringement action or suit, CONTRACTOR shall take all possible actions to assist IREL to operate and use PLANT, is so far his area of operation is concerned.

Neither CONTRACTOR nor IREL shall settle or compromise any suit or action without thewritten consent of the other, if settlement or compromise obliges the other to make any payment or part with any property or assume any obligations or surrender any rights or tobe subjected to any injunction by reason of such settlement or compromise. 8.6

87

INDEMNIFICATION FOR LIABILITIES:

CONTRACTOR INDEMNIFICATION FOR LIABILITIES:

To the fullest extent permitted by Law, CONTRACTOR assumes liability for and agrees to indemnify, protect, save and hold harmless IREL from and against any and all Liabilities (including, any strict liability), arising out of acts or omissions of CONTRACTOR or its personnel or its agents in the performance of its obligations under the CONTRACT causing bodility injury, sickness, disease or death, damage to or loss of any property, and whether or not involving damage to WORKS or SIET that may be imposed on, suffered orincurred by or asserted against IREL and in any way part along to a raising out of WORK, any EQUIPMENT

9.1.1.1 9.1.1.2

9.1.1.3 9.1.1.4 9.1.1.5

WORK, any EQUITMENT
the presence, discharge, treatment, storage, transportation, disposal, escape or renews or the presence, discharge, treatment, storage, transportation, disposal, escape or renews or the presence discharge, treatment, storage, transportation, disposal, escape or renews or the presence discharge, transportation, disposal, escape or renews or the presence discharge, transportation, disposal, escape or renews or the presence discharge, transportation, disposal, escape or renews or the presence of WORK, or as a result of presonal injuries (including wrongful death);
the violation by CONTRACTOR or any SUB-CONTRACTOR, VENDOR of any Government Approval or applicable Law;
any breach of CONTRACT with any SUB-CONTRACTOR, VENDOR provided, however, that CONTRACTOR shall not be required under this Clause to indemnify IREL for any liability arising out of or resulting from events or circumstances occurring or existing after PREILMINARY ACCEPTANCE OF PLANT except where the liability arises from an act or omission of CONTRACTOR or any SUB-CONTRACTOR/VENDOR or any other Person directly or indirectly employed by either of them or anyone for whose acts either of them may be liable that was a contributory cause of such liability.

9.1.2

It is specifically understood that CONTRACTOR hereby accepts and assumes exclusive liability for and save and hold IREL harmless from and against of all Taxes arising from the performance of WORK, and all such Taxes shall be deemed to be included in CONTRACT PRICE, except for CST. CST at applicable rate is payable extra. Seller needto prepare E-invoice under CST and submit monthly/ quarterly CST Return as per CST Rules. Failure to submit CST Return on time as per CST Rules may result into deduction of CST while processing Bills.

INDEMNIFICATION BY SUB-CONTRACTOR/VENDOR:

CONTRACTOR shall obtain from each SUB-CONTRACTOR/VENDOR, which is an affiliate, and shall use all reasonable efforts to obtain from each SUB-CONTRACTOR/ VENDOR, an indemnification materially similar in form and substance to Clause-9.1.1 and Clause-9.1.2 of which the IREL shall be named as beneficiary.

PAYMENT OF AMOUNTS UNDER THIS CLAUSE

Except to the extent covered by insurance, all amounts payable and due by CONTRACTOR to IREL under this Clause shall be deducted from CONTRACT PRICE orany other amounts owed by IREL to CONTRACTOR here under. If such amounts payable by IREL to CONTRACTOR are less than the amounts payable and due by CONTRACTOR under this Clause, CONTRACTOR shall be liable to IREL for such excess and shall pay such amount to IREL immediately upon demand.

CONTRACTOR shall procure, at its expense, all necessary permits, certificates and licences required by virtue of all applicable laws, regulations, ordinances and other rules inforceat the place where any of the works is to be performed, and CONTRACTOR furtheragness to hold IREL harmless from liability or penalty which might be imposed by reason of any asserted or established violation of such laws, regulations, ordinances or other rule.IREL shall provide the necessary permits for CONTRACTOR's personnel to undertake any work in India in connection with CONTRACT.

CONTRACTOR agrees to indemnify and hold harmless IREL against all labourer'smaterial, men's and/or mechanics liens arising from its work, and shall keep the premisesof IREL free from all such classifications are incomplessors.

WORK TO BE TO THE SATISFACTION OF ENGINEER:

The Contractor shall execute, complete and maintain the Works in strict accordance withthe contract, to the satisfaction of the Engineer and shall comply with and adhere strictly to the Engineer's instructions and direction on any matter (whether mentioned in the Contract or not). The Contractor shall take instructions and directions only from the Engineer or from the Engineer's representative on any matter touching or concerning the Works.

11.0

As soon as practicable after the acceptance of his tender, the Contractor shall, if required, submit to the Engineer for his approval a programme showing the order of procedure and the method in which he proposes to carry out Works and shall whenever required by the Engineer or Engineer's representative furnish for his information particulars in writing of the Contractor's arrangement for the carrying out of the Works and of the constructional plant and temporary Works which the Contractor intends to supply, use or construct as the case may be. The submission to and approval by the Engineer or Engineer's representative of such programme or the furnishing of such particulars shall not relieve the Contractor of any of his duties or responsibilities under the Contract.

12.0

The Contractor shall give and provide all necessary superintendence during the execution of the works and as long thereafter as the Engineer may consider necessary for the properfulfilling of the Contractor's Obligation under the contract. The Contractor or one of his competent and authorised agent approved of in writing by the Engineer (which approval may at any time be withdrawn) is to be constantly on the Works and shall give his whole time to the superintendence of the same. If such approval shall be withdrawn by the Engineer, the Contractor shall as soon as is practicable (having regard to the requirementof replacing him as here-in-after mentioned) after receiving written notice of such withdrawal, remove the agent from the Site and shall not thereafter employ him again on the Site in any capacity and shall replace him by another agent approved by the Engineer/Such authorised agent shall receive on behalf of the Contractor directions and instructions from the Engineer or (subject to the limitations of Clause 2 hereof) the Engineer's representative.

13.0 CONTRACTOR'S EMPLOYEE:

- (a) Only such technical assistants and other staff as are skilled and experienced in their respective callings and such sub-agents, foreman and loading hands as are competent to give proper supervision to the work they are required to
- (b) $Such skilled, semi-skilled \ and \ unskilled \ labour \ as \ is \ necessary \ for \ the \ proper \ and \ timely \ execution \ and \ maintenance \ of \ the \ Workshilled \ and \ unskilled \ labour \ as \ is \ necessary \ for \ the \ proper \ and \ timely \ execution \ and \ maintenance \ of \ the \ Workshilled \ and \ unskilled \ labour \ as \ is \ necessary \ for \ the \ proper \ and \ timely \ execution \ and \ maintenance \ of \ the \ Workshilled \ and \ unskilled \ labour \ as \ is \ necessary \ for \ the \ proper \ and \ timely \ execution \ and \ maintenance \ of \ the \ Workshilled \ and \ unskilled \ labour \ as \ labour \ la$
- The Engineer shall be at liberty to object to and require the Contractor to remove forthwithfrom the Works any person employed by the Contractor in or about the execution or maintenance of the Works who in the opinion of the Engineer misconducts himself or incompetent or negligent in the proper performance of his duties or whose employment isother-wise considered by the Engineer. To be undesirable and such person shall not be again employed upon the Works without the written permission of the Engineer. Any person so removed from the Works shall be replaced to delay by a competent substitute approved by the Engineer. 13.1

14.0

If in the opinion the Engineer, due progress is not made with the work in accordance withthe contract, and or the execution thereof becomes contrary to specifications, and/or badwork is executed and/or bad materials are used or supplied by the Contractor, and/or anydirections given by the Engineer are not properly compiled with or attended to, the Engineer may if he considers it necessary or proper for the execution of the work in accordance with the contract, of which his certificate in writing will be sufficient evidence order the employment of extra supervising staff to supervise the work and the expenses of the employment including the salary of the supervising staff shall be provided by the Contractor, provided that the Engineer shall give to the Contractor not less than 7 days previous notice in writing of intention to exercise his power.

- specifically mentioned in the tender, if any). However, IREL does not guarantee the supply of water and this does not relieve the Contractor of his resp various works as stipulated. f) onsibilityin making his own arrangement and for the timely
- Power Supply: Subject to availability, IREL will supply power at 400/440 V at only one point at the nearest sub-station, from where the CONTRACTOR will make his own arrangement for temporary distribution. The point of supply will not be more than 500 m away from the CONTRACTORS premises. All the works will be done as per the applicable regulations and passed by the ENGINEER-IN-CHARGE. The temporary line will be removed forthwith after the completion of work or if there is any hindrance caused to the other works due to these lines, the CONTRACTOR will me-round to remove the temporary lines at his sown cost. The CONTRACTOR at line-to-under the proparal lines at his sown cost. The CONTRACTOR at line-to-under the control of the IREL. The cost of power supply shall be payable to IREL every month for Construction Works which would be deducted from the running account bills (subject to rate of deduction specifically mentioned in the tender, if any). IREL shall not, however, guarantee the supply of electricity nor have any liability in respect thereof. No claim for compensation for any failure or short supply of electricity willbe admissible. g)

It shall be the responsibility of the CONTRACTOR to provide and maintain the complete installation on the load side of the supply with due regard to safety requirement at site. Allcabling, equipment, installations etc. shall comply in all respects with the latest statutory requirements and safety provisions, i.e., as per the Central/State Electricity Acts and Rulesetc. The CONTRACTOR will ensure that his equipment and Electrical Wiring etc., are installed, modified, maintained by a licensed Electrician/Supervisor. A test certificate is tobe produced to the ENGINEER-IN-CHARGE for his approval, before power is made available.

At all times, IEA regulations shall be followed failing which the IREL has a right to disconnect the power supply without any reference to the CONTRACTOR. No claim shallbe entertained for such disconnection by the ENGINEER-IN-CHARGE. Power supply willbe reconnected only after production of fresh certificate from authorized electrical supervisors.

The IREL is not liable for any loss or damage to the CONTRACTOR's equipment as a result of variation in voltage or frequency or interruption in power supply or other loss to the CONTRACTOR arising therefrom.

The total requirement of power shall be indicated by the tenderer along with his tender.

9.2

9.3

9.7

9.2.6

The goods and services supplied under this CONTRACT shall conform to the standards mentioned in the technical specifications and when no applicable standard is mentioned, CONTRACTOR shall follow best engineering practices.

PRIORITY OF CONTRACT DOCUMENTS:

except if and the extent otherwise provided by the Contract, the provisions of the GeneralConditions of Contract and Special Conditions shall prevail over those of any other documents forming part of the CONTRACT. Several comments forming the CONTRACTare to be taken as mutually explanatory of one another, but in case of ambiguities or discrepancies the same shall be explained and adjusted by the ENGINEER-IN-CHARGEWho shall recupronise used to Contract contractions therecomend insuchevent, unlessoftenesse provided inthe Contract, the priority of the documents forming the CONTRACTare to be a follows: documents forming the C thereupon issue to the Con The Contract Agreement;

- The Letter of Acceptance; The Instructions to Bidders(ITB) Special Conditions of Contract (S
- Special Conditions of Contract (SCC); General Conditions of Contract (GCC) Any other document forming part of the Contract.

Works shown in the DRAWING but not mentioned in the SPECIFICATIONS or described in the SPECIFICATIONS without being shown in the DRAWINGS shall nevertheless be deemed to be included in the same mentioned the specifically shown upon the DRAWINGS and described in the SPECIFICATIONS.

Special Conditions of Contract shall be read in conjunction with the General Conditions of Contract, specification of Work, Drawings and any other documents forming part of this CONTRACT wherever the context so requires. Notwithstanding the sub-division of the documents into these separate sections and volumes, every part of each shall be deemed to be supplementary to and complementary of every other part and shall be read with and into the CONTRACT so fair as it may be practicable to do so.

Where any portion of the General Conditions of Contract is repugnant to or at variance with any provisions of the Special Conditions of Contract, unless a different intention appears, the provisions of the Special Conditions of Contract and shall be the extent of such repugnarcy, or variations, prevail.

CONTRACTOR shall at all times, indemnify and keep indemnified IREL against all claimsor suits and defend, at its own cost, any suit or action brought against IREL and hold IRELfree and harmless against all costs of such claimsor suits which may be made against IREL in respect of any infringement of any rights protected by patent, copyright, trademarks, and trade secrets to the extent that such claim, suit, or action is a result of theuse of CONTRACTOR's technical Information for the construction, maintenance, and operation of PLANT and the use of CONTRACTOR's and/or any other process, licenser'sprocesses used in PLANT. IREL shall pass on all claims made against it to CONTRACTOR for settlement. 9.1

CONTRACTOR declares that to the best of his knowledge and belief the use of CONTRACTOR's Technical Information for the construction, maintenance, and operation of PLANT and the use of CONTRACTOR's property will not infringe anyvalid patent rights of a third party. However, if at any time such infringement arises, CONTRACTOR agrees to keep IREL indemnified and harmless against such claims and costs ther arrangements that will allow IREL to continue the operation of PLANT.

IREL shall promptly advise CONTRACTOR in writing of any claim of infringement or any action for infringement of patents brought against it by a third party and based upon the use of CONTRACTOR's Technical Information. If such use is in accordance with instructions given in writing by CONTRACTOR, CONTRACTOR shall undertake the defence, or assist IREL in the defence, of the claim or suit up to final judgment or settlement.

CONTRACTOR shall undertake the defence on behalf of IREL and shall have sole chargeand direction of the defence, and shall bear all costs related thereto. CONTRACTOR shallfurther hold IREL harmless from any damages or other sums that may become payable by IREL under a final judgment or settlement. However, IREL shall render to CONTRACTOR all reasonable assistance that may be required by CONTRACTOR in thedefence, and shall have the right to be represented therein by advisory coursel of its ownselection and at its own expense.

In addition to the measures specified in Clause-8.4, CONTRACTOR may further, at its option, however, in reasonable consultation with IREL, seek to abate the alleged infringement by modification of PLANT or its operation without adversely affecting the performance and/or secure for IREL immunity from suit for infringement. In such case, CONTRACTOR shall bear/ reimburse IREL all costs related to the said modification and to the said immunity.

In the event that IREL is legally restrained from operating PLANT on account of any infringement action or suit, CONTRACTOR shall take all possible actions to assist IREL to operate and use PLANT, is so far his area of operation

Notither CONTRACTOR nor IREL shall settle or compromise any suit or action without thewritten consent of the other, if settlement or compromise obliges the other to make any payment or part with any property or assume any obligations or surrender any rights or tobe subjected to any injunction by reason of such settlement or compromise.

9.2 INDEMNIFICATION FOR LIABILITIES:

To the fullest extent permitted by Law, CONTRACTOR assumes liability for and agrees to indemnify, protect, save and hold harmless IREL from and against any and all Liabilities (including, any strict liability), arising out of acts or omissions of CONTRACTOR or its personnel or its agents in the performance of its obligations under the CONTRACT causing bodily injury, sickness, disease or death, damage to or loss of any property, and whether or not involving damages to WORKS or STEP that may be imposed on, suffered orincurred by or asserted against REL and in any way.

9.2.1.1 9.2.1.2

9.2.1.4 9.2.1.5

WORK, any EQUIPMENT the presence, diskaper, treatment, storage, transportation, disposal, escape or release of any Hazardous Substance, or the threat thereof, at, to or from SITE aftercommencement of work (any hazardous substance already existing at SITE beforecommencement of WORK excluded)

TIME EXTENSION OF CONTRACT:
The CONTRACTOR shall promptly notify the ENGINEER-IN-CHARGE any event or conditions which might delay the completion of work in accordance with the approved schedule and the steps being taken to remedy such

If the Work is delayed at any time in the commencement or during the progress of the WORK by any act, delay or neglect solely attributable to IREL or his employees, or by anyother contractor utilised by the IREL or by FORCE MAJEURE conditions, the time of completion shall be extended by IREL (without levy of Mutually Agreed Damages) in writing for a reasonable period as may be mutually agreed upon, at the time of closure of contract. The CONTRACTOR shall, immediately on occurrence of such special circumstances but not later than 14 working days, bring to howeledge of IREL throughwritten application for any such delay as mentioned above.

IREL shall have the right to suspend the WORK in whole or in part for such time as may be necessary in order that WORKS shall be well and properly executed. In such events, suitable extension of time shall be gr CONTRACTOR.

NO MAIN IN SOLVIN WOR: Subject to any provision to the contrary contained in the contract, none of the permanent work shall save as hereinafter provided be carried on during the night or on Sundays (if locally recognised as days of rest) or their lo recognised equivalent without the permission in writing of the Engineer's respectative save when the work is unavoisable not be applicable in theseary for the saving of life or property or for the safety of the Works in which tase contractors shall immediately advise the Engineer's representative. Produced always that the provisions of this Clauses shall not be applicable in the scale of any work which it is customy corary or to by rotary or double shifts.

RATE OF PROGRESS:

The whole of the materials, plant and labour to be provided by the Contractor and the mode, manner and speed of execution and maintenance of the work are to be of a kind and conducted in a manner to the satisfaction of the Engineer. Should be rate of progressof the works or any part thereof be at any time in the opinion of the Engineer too slow to ensure the completion of the works by the prescribed time or extended time for completion the Engineer shall so notify the Contractor in writing and the Contractor shall thereupon take such steps as the contractor may think necessary and the Engineer may approve toexpedite progress os as to complete the works by the prescribed time or extended time for completion. If the work is not being carried on by day and by night and the Contractor shall not be entitled to any additional payment for so doingbut if such permission shall be refused and there shall be no equivalent practicable method expediting the progress of the work, the time for completion shall be extended by such permission shall be carried out withoutments and disturbance. The Contractor shall indemnify the Employer from and against any liability for damages on account of noise or other disturbance created while or in carrying out the work and from and against all claims, demands, proceedings, costs, charges and expenses whatsoever in regard or in relation to such liability.

LIQUIDATED DAMGES FOR DELAYED EXECUTION OF CONTRACT: Subject to Article -48, if the CONTRACTOR fails to deliver any or all of Subject to Article 48, if the CONTRACTOR fails to deliver any or all of the GOODS or performance of the services within the time period(s) specified in the CONTRACT, the EMPLOYER shall, without prejudice to his other remedies under the CONTRACT, levy Liquidated damages from the CONTRACT PRICE, a sum calculated on the basis of the CONTRACT PRICE, including subsequent modifications.

s shall apply as per following formula: works costing up to Rs. Ten lakhs (Rs 10,00,000/-): One percent (1%) of the contract value per week subject to a maximum of ten percent (10%) of contract value

For all other works:

Half percent (0.5%) of the contract value per week of delay subject to a maximum of ten percent (10%) of contract value.

EMPLOYER may deduct the amount so payable by CONTRACTOR, from any amount falling due to the CONTRACTOR or by recovery against the Performance Guarantee. Both CONTRACTOR and EMPLOYER agree that the percentages of price reduction aregenuine pre-estimates of the loss/ damage which the EMPLOYER would have suffered on account of delay/breach on the part of the CONTRACTOR and the said amount will be payable on de without there being any proof of the actual loss/ or damage caused by such breach/ delay. A decision of the EMPLOYER in the matter of applicability of price reduction shall be final and binding.

FORCE MAJEURE:
Force majeure is an event beyond the contract or and not involving the contractor's fault or negligence and which is not foreseeable. Such events may include, but are not restricted to acts of the purchaser/contractor either in its sovereign or contractual capacity, wars or revolution, hostility, acts of public enemy, civil commotion, floods, explosions, epidemics, quarantine restrictions, strikes, lockouts and freight embargoes or any other event which IREL may deem fittoconsiderso. The decisional bourforce majeure shall rest with IREL which shall be final and binding.

If there is delay in performance or other failures by the contractor to perform obligations under its contract due to event of a Force Majeure, the supplier/contractor shall not be held responsible for such delays/failures. If a Force Majeure situation arises, the contractor shall promptly notify the purchaser in writing of such conditions and the cause thereoff within fifteen days of occurrence of suchevent. Unless otherwise directed by the EMPLOYER in writing, the CONTRACTION shall continue to perform its obligations under the contract as far as reasonable/practical and shall seek all reasonable alternative means for performance not prevented by the Force Majeure event.

If the performance in whole or in part or any obligation under this contract is prevented ordelayed by any reason of Force Majeure for a period of exceeding 120 days, IREL may atits option terminate the contract without financial repercussion on either side.

CERTIFICATE OF COMPLETION OF WORK:

As soon as in the opinion of the Engineer the works shall have been substantially completed and shall have satisfactorily passed any final test that may be prescribed by the Contract, the Engineer shall on receiving a written undertaking by the Contractor to finish any outstanding work during the period of Maintenance issue a Certificate of completion in respect of the works and the Period of Maintenance of the works shall commence from the date of such certificate. Provided that the Engineer may give such a certificate with respect to any part of the works expect on any part of the works such part shall be considered as completed and the Period of Maintenance of the Maintenance of the State of the State of the Works such part shall be considered as completed and the Period of Maintenance of such part shall commence from the date of such certificate. Provided also that a Certificate of Completion of the works such part shall be considered as completed and the Period of Maintenance of such part shall commence from the date of such certificate. Provided also that a Certificate of Completion given in accordance with the foregoing provision of any part of the works occupied and use as aforesaid shall not be deemed to certify completion of any round or surfaces requiring reinstatement unless such certificate shall expressly so state.

DEFINITION OF PERIOD OF MAINTENANCE:
In these conditions, the expression "Period of Maintenance" shall be either 12 (Twelve) months or any other period if specifically specified in the special conditions of this contract, and calculated from the date of completion of the works certified by the Engineer in accordance with Clause 49 hereof or in the event of more than one certificate having beenissued by the Engineer Under the said Clause from the respective dates so certified and in relation to the Period of maintenance, the expression "the works" shall be construed accordingly.

EXECUTION OF WORKS OF REPAIR ETC:

To the intent that the works shall at or as soon as practicable after the expiration of the period of Maintenance be delivered up to the Employer in as good and perfect a condition(fair wear and tear expected) to the satisfaction of the Engineer as that in which they wereat commencement of the Period of Maintenance, contractor shall execute all such work oferpair, amendment, reconstruction, rectification and making good of defects, imperfections, shrinkages or other faults as may be required of the Contractor in writing by the Engineer during the Period of Maintenance or within fourteen days after its expiration as a result of an inspection made by or on behalf of the Engineer prior to its expiration.

50.3 COST OF EXECUTION OF WORKS OF REPAIR ETC .:

All such work shall be carried out by the Contractor at his own expense if the necessity thereof shall in the opinion of the Engineer be due to the use of materials or workmanshipnot in accordance with the Contract or to neglector of a failure on the part of the Contractor to comply with any obligation expressed or implied on the Contractor's part under the Contract. If in the opinion of the Engineer such necessity shall be due to any other cause, the value of such work shall be ascertained and paid for as if it was an additional work.

50.4

REMEDY ON CONTRACTORS FAILURE TO CARRY OUT:

If the Contractor shall fail to do any such work as aforesaid required by the Engineer, the Employer shall be entitled to carry out such work by his own workmen or by other Contractors, and if such work is the work which the Contractor should have carried out athis own cost, Employer shall be entitled to recover from the Contractor the cost thereof ormay deduct the same from any moneys due or that may become due to the Contractor.

51.0

EXPLIANCE OF SEARCH!
The Contractor shall if required by the Engineer in writing search or the cause of any defectin perfection or fault under the directions of the Engineer. Unless such defect, imperfection or fault shall be one for which the Contractor is launder the contract, the cost of the work carried out by the Contractor in searching as aforesaid shall be borne by the Employer. But if such defect, imperfection or fault shall be one for which the Contractor is labele as aforesaid cost of the work carried out in searching as aforesaid shall be borneby the Contractor and he shall in such case repair, rectify and make good such defect, imperfection or fault at his own expense in accordance with the provision of the provisio

52.1 VARIATIONS

VAMAILINS

PROFORMA FOR BANK GUARANTEE FOR EARNEST MONEY DEPOSIT (EMD)

(To be issued by approved Scheduled Banks)

In accordance with Notice Inviting Tender (NIT) No Dated for the work of
(herein after referred to as "the said Works") for Rs
(Rupees only), under RED unit of M/s IREL(India) Limited, a company
incorporated under Indian Companies Act, having its registered office at Plot No.1207, ECIL building,
Opp. to Siddhivinayak Temple, Veer Savarkar Marg, Prabhadevi, Mumbai-400028, India (herein after
referred to as IREL (India) Limited, M/s Address
[Herein after referred to as Contractor (s)] wish /wishes to participate in the said tender and a Bank
Guarantee for the sum of Rs (in words) valid for a period of days (in
words) is required to be submitted by the Bidder towards the Bid Security.
We theBank (hereinafter called the said Bank) do hereby undertake
to pay to IREL (India) Limited, the sum of Rs (Rupees only) by
reason of the said tenderer's failure to enter into an agreement of contract on intimation of acceptance
of his tender and/or to commence the contract works and/or failure to deposit the security deposit
within the stipulated period as per the terms and conditions relating to and/or governing the contract
and/or specified in the Notice Inviting Tender (NIT). We also agree that any such demand made on
the Bank shall be conclusive as regards the amount due and payable by the Bank under this
Guarantee. We also agree that notwithstanding any dispute or difference or any litigation in respect
of or arising from the said contract and/or the acceptance of the tender of the tenderer afore stated by
IREL (India) Limited including the question as to the tenability of the claim of the IREL (India)
Limited for forfeiting the Earnest Money being the Bank Guarantee herein, we shall forthwith pay the
said amount to IREL(India) Limited on demand being made as aforesaid.
NATE. The second of the second
We Bank further agree that the guarantee herein contained shall remain in full force
and effect during the period that would be taken for entering into an Agreement of contract and that it
shall continue to be enforceable till all the dues of the IREL(India) Limited under the terms and
conditions of the NIT for the work have been fully paid and its claims satisfied or discharged or till
IREL(India) Limited certifies, that the terms and conditions of the NIT have been fully and properly
carried out by the said tenderer and accordingly discharges the guarantee.
We Bank further agree with the IREL(India) Limited that the IREL(India)
Limited shall have the fullest liberty without our consent and without affecting in any manner our
obligations hereunder to vary any of the terms and conditions of the NIT and/or terms and conditions
governing the contract or to extend the time of validity of the offer from the said tenderer from time to
time or to postpone for any time or from time to time any of the powers exercisable by the IREL
against the said tenderer and to forbear or enforce any of the terms and conditions of the NIT and we
shall not be relieved from our liability hereunder by reason of any such variation, or extension being
granted to the said tenderer or for any forbearance, act or omission on the part of the IREL(India)
Limited or any indulgence by the IREL(India) Limited to the said tenderer or by any such matter or
thing whatsoever which under the law relating to surety/guarantee would but for this provision have
effect of so relieving us.
WeBank do hereby further agree that any change in the Constitution of the
said tenderer or the Bank will not affect the validity of this guarantee.

We	Bank lastly undertake not to revoke this guarantee during its currency
except with	the previous consent of the IREL (India) Limited in writing.
