महोदय/Sir,

विषय/Sub:

Submission of Half yearly Compliance Report to MoEF & CC-Environment and CRZ clearance for beach sand mining at Chavara, Alappad, Panmana and Ayanivelikulangara villages of Kollam district – reg.

संदर्भ/ Ref:

1) EC No J-11015/227/2015- IA. II (M) dated 30.07.2020.

2) No EP/12.1/194/KER dated 01.07.2016.

As per the letter referred in (1) above, from MoEF &CC, New Delhi conveying the composite Environmental and CRZ clearance for beach sand mining in 180 Ha area in the above mentioned villages, we are submitting herewith the Half yearly report for the 1st Half of 2024.

सादर /Regards,

आपका/Yours truly,

आई आर ई एल (इंडिया) लिमिटेड से कृते/For IREL (India) Limited

एन.एस.अजीत र M.S.Ajith

महाप्रबंधक एवं प्रधान/General Manager & Head

Half yearly Monitoring Report for the period October 2023 to April 2024

Introduction: IREL (India) Limited (Formerly Indian Rare Earths Limited), a Government of India undertaking under the Department of Atomic Energy has been engaged in the mining and beneficiation of the heavy minerals from the Chavara deposit in Kollam district of Kerala state.IREL has been granted mining lease to collect heavy mineral sand from the area vide G.O (Rt) No. 746/07/10 dated 08/06/07 by the Government of Kerala and before commencing the mining operations IREL obtained Environmental and CRZ clearance vide EC No 11-36/2008-IA, III dated. 01.03.2011 from MoEF&CC, New Delhi for beach sand mining in 180 Ha area in the villages of Alappad, Panmana and Ayanivelikulangara. Subsequently vide EC no. No. J-11Q15/227/2015. IA. II (M) dated 30.07.2020, for the production enhancement to ROM of 750000 tonnes per annum in 180 Ha areas in the villages of Alappad, panmana and Ayanivelikutangara. The Environmental Management Cell is functioning and conducted regular review meetings under the chairmanship of Shri N.S.Ajith, General Manager & Unit Head for monitoring the environmental activities of the project.

Environmental Policy of IREL: IREL, Chavara is an ISO certified company for Quality and Environment Management and Occupational Health & Safety Management System. Our integrated Management System policy is as follows: We, at IREL, Chavara are committed to sustain our growth in the supply of beach sand minerals & mineral products through:

Satisfy applicable requirement

0

- Protection of Environment (including prevention of pollution)
- Provide safe and healthy working conditions for prevention of work related injury and ill health
- Fulfill compliance obligations related to products & Services, environment and occupational health & Safety.
- Conservation and protection of natural resources.
- Eliminate hazards and reduce OH & Risks
- Prevention of incidents & ill health
- Consultation and Participation of workers.

<u>Location:</u> The project area lies between Latitude 09°00' 55.97" N & Longitude 76°31' 17.19" E and Latitude 09°02' 03.80" N & Longitude 76°30' 29.90" (Topo sheet No 58 C/8). A village road passes through the plot. This road connects the plot to NH

Gur,

47 at Karunagapally at a distance of about 6 km, through Panikkarkadavu bridge, on the North. The broad gauge railway line is about 1 km to the east of NH 47. The nearest railway station is Karunagappally at a distance of about 8 km. M/s Kerala Minerals and Metals Ltd. (KMML), a state government undertaking engaged in beach sand mining, beneficiation and pigment production & M/s IREL are the only two major industries in this area.

STATUS OF COMPLAINCE OF EC CONDITIONS

Clause	EC conditions	Compliances
	Specific Conditions	
1		No mechanical mining is carried out in Coastal Regulatory Zone- IB.
2	Proper fencing of the area shall be provided for avoiding un-authorized entry of people and cattle falling into the 2-3m depth pits filled with water.	provided for avoiding un-authorized
3	systematic manner and the project authorities shall prepare a map of 180Ha lease area indicating the time line of excavation and probable	Mining is done in a systematic manner as per the approved mine plan and a table (in terms of an action plan) is prepared indicating the time line of excavation and probable time of handing over the land to the land owners.
4	CCTV, GPS tracking system for truck transporting the mineral, leak	Surveillance through CCTV system is continuing. GPS tracking system in transportation of mineral sand to Chavara plant from this project site is also continuing.
5	analysis during pre and post mining for soil to check the presence of	
6	PP shall take necessary steps to	Roads are regularly cleaned manually for clearing of sand spillages at point

	shall be regularly cleaned by the project authorities for clearing of sand.	spreading.
7	in order to conserve mineral shall bemaintained.	Proper house-keeping of premises is being maintained to conserve mineral. The mineral sand so collected during housekeeping is recirculated for feeding.
8	green belt plan should be developed and submitted to MoEF&CC. The Project Proponent shall develop greenbelt in 7.5m wide safety zone all along the mine lease boundary as per the guidelines	
9	mined out area and area already mined in other mining sites is developed properly.	
10	The budget earmarked" for Occupational Health is Rs.18.0 Lakh. The capital cost shall be spent before commencement of mining operation and recurring cost annually. The amount proposed under this head should be kept in a separate bank account and should be audited annually. The PP should annually submit the audited statement and detailed report along with proof of activities viz.	occupational health.

Study on Ground Water & Ambient Air Monitoring:

We have conducted ambient air monitoring and ground water analysis of the samples from the open wells in the mining area and nearby areas during the period from October - 2023 to April -2024. The analysis of the samples were done through M/s Standard Environmental & Analytical Laboratories, Udyogamandal, Ernakulam, an NABL accredited laboratory. The results are consolidated below:

Ambient Air Monitoring:

Parameters	KSPCB limit	Near mining office	East Punchikar	Pandarathuruthu school
		Vellanathuruthu		

Particulate Matter PM10 (ug/m³)	100	56.4	43.2	50.5
Particulate Matter PM2.5 (ug/m³)	60	26.2	20.6	23.4
Sulphur Dioxide (ug/m³)	80	<4.00	<4.00	<4.00
Nitrogen Dioxide (ug/m³)	80	<4.00	<4.00	<4.00
Carbon Monoxide (ug/m³)	4.0	0.18	0.12	0.31
